

BFCC competition, Essex.

Results: Brentwood, Essex. 9th October 2016

The weather for the casting competitions was a mixed bag. An inconsistent breeze that change direction a number of times throughout the day (as well as dropping to nothing for considerable spells), plus a couple of rain showers. We were lucky to have Harald Økern Jensen from Norway join us, fresh from competing at the ICSF world championships in Spain (he also competed in the flycasting world championships in Estonia).
